Prof. Dr. Ignatz Goldzyher
Budapest, Hungary

Dear Sir:-

Prof. Haupt of Johns Hopkins University has informed that the Göttingen Oriental Society is interested in the publication of various Hebrew texts among which is the *Pirge d'R. Eliezer*. I am working now on the publication of a new text of this Midrash and will take a trip to Europe next summer to copy and to examine the several extant manuscripts.

Kindly give me more information in reference to the publications of the Göttingen Soc. in which, I understand, you are interested. Also inform me whether I shall be able to meet you in Budapest next summer either in July or August to talk over the publication of the *Pirge d'R. E.* in which I am particularly interested.

Very truly yours
E. K. Rabinowitz
